Foodora and Wolt couriers!

The Finnish Courier Collective is a network of bike couriers working in Finland.

We campaign with Vapaa syndikaatti and Vastavoima in order to improve working conditions of Foodora and Wolt couriers and drivers.

We demand:

- Repeal the recent pay cuts
- Job security: insurance, sick leave and secure shifts
- Social spaces for couriers
- Compensations for equipment maintenance
- Possibility for employment contracts
